Ferox Fuel Tabs Now Available

For better or for worse, the American economy is tied to gasoline. Americans love their freedom, and the family vehicle is the epitome of personal mobility, which equates in many ways to freedom of lifestyle. Rising gas and diesel prices, however, are beginning to place a real economic pinch on the great American “middle class” and this is troubling. Skyrocketing fuel prices eventually will result in escalating inflation for most goods and services. The question is, will wages increase accordingly? It often takes years for wages to match inflationary upward trends, so the answer is a resounding NO, at least in the short term.

Mother Earth Minerals is pleased to offer a helping

hand to our many customers and distributors by introducing a way to cut fuel costs by 20 to 30%. While our minerals have helped thousands maintain health and wellness, eliminating stress from escalating fuel prices can only be a positive.

The mineral Iron is a vitally essential nutrient that allows the cell to process carbon (I.e. carbohydrates and proteins) into energy. Iron (fe) particles when added to carbon based fuel such as gasoline and diesel, allow the carbon in fuel to burn much more efficiently, increasing fuel economy by as much as 20 to 30%. This simply means, instead of paying \$3 per gal-

lon of fuel, you may pay as little as \$2.10. The Ferox Fuel tablets are EPA registered and approved. 1 tablet treats 10-15 gallons of fuel. To maximize the efficiency of Ferox tablets, it is also recommended to add 1 oz of acetone per 10 gallons of gasoline or diesel fuel. This allows the iron particles in the ferox (cont. pg.2)

Need help with chronic Muscle and Joint Pain? Ultimate MJ™ may well be the Answer.

As the “baby boom” generation matures and reaches menopause, it becomes harder and harder to rebound from physical exercise and daily work regimens. The reason for this is really quite simple. Usually around age 49, the human

body typically quits producing a very vital substance called Glucosamine. As the body’s glucosamine counts decrease, muscle and joint pain increases. Mother Earth Minerals has produced a very superior product called Ultimate

MJ—blending glucosamine HCL, chondroitin, and MSM with 10 other very potent anti-inflammatory and pain relieving herbs. Since the product was released 6 months ago, the results have been truly amazing in relieving chronic pain.

Ferox plus Acetone for greater fuel economy (continued from page 1).

Keep in mind that gasoline and diesel fuel is composed of ions of hydrogen and carbon, also known as “hydrocarbons”. As the fuel combines with oxygen in the engine compartment and is burned by a controlled spark, the majority of the carbon molecules are displaced and bond with oxygen to form toxic carbon monoxide, which then exits the vehicle through the exhaust manifolds. When sufficient carbon monoxide is inhaled into human lungs, the unstable carbon molecule binds with the blood, and systematically robs life-sustaining oxygen from the lungs and bloodstream. When the major organs, (especially the brain) is

deprived of oxygen in this manner, death or serious injury to the brain and other organs can occur. In a similar fashion, the food humans typically consume consists of proteins combined with carbohydrates (carbon and hydrogen chains). Our individual cells are able to burn these carbon and hydrogen ions in much the same manner as a car’s engine burns carbon and hydrogen, and pure energy in the form of body heat is the result. What many people fail to realize is that the key mineral catalyst to proper metabolism of carbohydrates in the human body is IRON. Individuals deficient in iron are called anemic. They have little or no energy reserves, and experience low

body temperatures (are always cold, even in the summer), primarily because they cannot burn carbohydrates properly. The same is true of fuel in the vehicle. Adding small particles of iron (Fe) to fuel allows the carbon in the fuel to burn up to 25% more efficiently. This results in much lower harmful emissions in the exhaust as well as increased gas mileage. The enzyme structure of acetone, (1 oz. added to 10 gallons of fuel) works synergistically with the iron in the Ferox capsules to greatly magnify the fuel economy. Again, this allows \$3.00 gasoline to basically be purchased for just over \$2.00 a gallon. Call 866-989-9876 and get your Ferox tablets today!!

Hojari B-Sacra (Sacred) Frankincense—A ‘Godsend’ for Arthritis Sufferers!!

A key chemical constituent of Hojari Boswellia-sacra Frankincense available exclusively from Mother Earth Minerals is a chemical compound named Boswellic Acid. Research conducted by Sabinsa Corp. Found that Boswellic Acid was the “Safest Natural Alternative Remedy” for the treatment of Rheumatoid Arthritis, Osteo-arthritis, Lower Back Pain, and Soft Tissue Rheumatism.

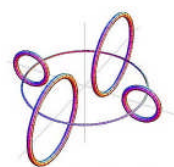

In the Sabinsa study, 97% of the patients that received Boswellic Acid reported relief from: Morning stiffness of joints, Pain, Loss of Grip Strength, and Difficulty in the performance of routine jobs. The study found: “The action of

[Boswellic Acid] is mediated through a vascular phenomenon. It improves blood supply to the joints and restores integrity of vessels obliterated by spasm. It may also alternatively open up collaterals to provide adequate blood supply to the joints.” Testimonials are pouring in from using this miracle oil.

Hojari B-Sacra Frankincense is only available from Mother Earth Minerals. Order today—1-866-989-9876

Worried About Skin Cancer? Let AquaVivos be Your All-Natural Solution!

Researchers at Johns Hopkins have announced their findings: Rubbing an extract made from broccoli sprouts on your skin may help you to prevent skin cancer! This “extract from broccoli sprouts” contains a phyto-nutrient chemical called sulphoraphane, one of the polyphenols chemical chains produced by nature, which researchers at Johns Hopkins discovered activates cancer-fighting enzymes inside your cells. This study is exciting when you understand that AquaVivos not only has large amounts of sulphoraphane, but other concentrated polyphenols as well.

The Johns Hopkins’ team applied “broccoli sprout extract” on the skin of six people, then exposed them to high levels of ultraviolet *UV) radiation. The areas of skin covered by the extract had 37 percent less redness and sunburn than skin not covered — both indications of skin damage that could lead to cancer. Commercial, chemical sunscreens, meanwhile, did not offer any protection against the UV rays, the researchers said. Whereas sunscreen works by deflecting UV rays, and therefore must be reapplied often to work, broccoli sprout extract (and thus AquaVivos) works by penetrating skin cells and stimulating their natural cancer-fighting mechanism.

Since sulphoraphane extract from broccoli sprouts appears to fight cancer in your skin, the researchers believe it may be effective against cancer in other organs as well.

This explains exactly why a large number of people have successfully used AquaVivos on existing skin cancers, and why many have reported the incredible effectiveness of AquaVivos as a sun blocking agent as well. This also helps explain why AquaVivos has such an incredibly high ORAC (oxygen radical absorption capacity) score of 7,706 per gram. We don’t know if AquaVivos is a cancer cure, but as an antioxidant, it is unparalleled!

Mother Earth Minerals Inc. (MEM) provides information and nutritional counseling to a growing number of individuals seeking answers to health care puzzles, and was founded by A. True Ott, PhD in December, 1998. All intelligent life on Planet Earth is governed, either for good or evil, by electromagnetic impulses on the cellular level. The great healers throughout recorded history have had one thing in common, they understood how these impulses operate and were able to successfully harness them for the benefit of mankind. MEM is dedicated to the positive exploration and public dissemination of this vital, lost knowledge. Remember, MEM's the WORD!

When Life gives you Lemons, it's Time For Lemonade!! By A. True Ott, PhD

Truth is that which does not contaminate you, but empowers you. Therefore, there are degrees of Truth, but generically, Truth is that which can do no harm. —*Thoughts from the Seat of the Soul*—Gary Zukav.

The Holy Bible tells us that Jesus Christ is the master of Truth. He told His disciples, "ye shall know the Truth, and the Truth shall make you free." However, the universal question is that posed by Pontius Pilate to Christ: "What is Truth?" Moreover, when one uncovers Truth, how does it set one free?

Falsehoods and errors are primarily designed to keep individuals (and even entire nations) in physical as well as mental (and thereby spiritual) bondage. The German

philosopher Goethe may have declared this principle best when he wrote: "No man is more hopelessly enslaved, than he who falsely believes he is free!" Can a soul be truly free when one is chronically ill? Can a young person freely develop his/her mind and talents when shackled with obesity and the daily consumption of brain-numbing chemical drugs such as ritalin and prozac? When a young person develops diabetes from consuming supposedly "harmless" food additives, what freedom can such an individual enjoy when having to receive daily injections of synthetic insulin? All of these invisible chains and shackles are imprisoning millions of ignorant Americans—because of the falsehoods and errors propagated daily by American big business concerns. It is time for America to learn the Truth and is time for the Truth to set Americans free. Sadly, it has been my experience that "Big Business buries the Truth". For some reason, Big Business does not want Americans to be given the facts they need to make wise decisions in their lives. Madison Avenue advertising firms spend billions to make poisons look desirable and "harmless". **Secret Assassins in Food** contains many Truths that may set you free.
