## The Bird Flu Facts: Should You Be Concerned? Yes, and No!

Hardly a week goes by without seeing at least one article in the newspapers about the “inevitable avian flu pandemic” that “may kill millions of Americans”. Talk show hosts such as Oprah Winfrey have dedicated shows to the subject, shows clearly designed to alarm the public and generate fear. (After all the root of “pandemic” is panic.) For the first time in the history of public TV, a “made for TV” movie was produced and released on the subject as well. This “movie” was a joint venture with ABC and the federal government, specifically, the office of Health and Human Services (HHS). Incredibly, HHS has their very own avian flu website ([www.PandemicFlu.gov](http://www.PandemicFlu.gov))

which actually posted a “Viewer’s Guide” to the ABC movie! (Apparently, the American public is incapable of forming their own opinions about the fear-based movie, Mike Leavitt and HHS had to tell them what to think about it!) The bottom line is simply this: the Bush Administration has allocated BILLIONS of dollars to HHS in order to “prepare for the inevitable pandemic.” Part of these taxpayer dollars have been spent in a very professional, very expensive 396-page “Planning Guide” that can be directly downloaded from the HHS website. In this “guide”, the government’s plans for extensive

quarantine and isolation of potentially infected individuals, as well as required VACCINATION OF THE ENTIRE U.S. POPULATION is outlined. This is chilling, to say the least, for government-mandated vaccination of individuals will be yet another step into fascism while providing a (continued on Page 2)

financial windfall to certain pharmaceutical giants tied to Bush Sr., and Donald Rumsfeld. It is bad enough if that is what the “Bird Flu hype” is all about—money and increased profits to key politicians and lobbyists. What if the “agenda” is far deeper and darker however? What if a massive “pandemic” virus is in fact being designed in covert CIA labs, and systematically scheduled to be released in order to implement martial law across America? Before you laugh this idea away, keep in mind that a strong, economically vibrant America is a powerful roadblock to an all-powerful, “New World

Bird Flu: It's Not What You Think!

Order” that Bush and his “neocons” have been conspiring to form for at least three decades. A massive “pandemic” resulting in restricted interstate travel and international commerce lasting three to six months would completely devastate the American economy, just as the SARS pandemic devastated Indonesia and the Pacific Rim economies 5 years ago. Keep in mind, that the government’s predictions of a pandemic are nothing new. In 1976, the “Swine Flu” was in the spotlight as the “next 1918 deadly pandemic.” The plot was exposed by honest health care officials, however, but not before thousands of people became permanently paralyzed by the “Swine Flu

Vaccine”. A class action lawsuit filed by the vaccine victims was victorious. Today, however, thanks to Bush’s GOP congress, laws have been passed to completely protect the pharmaceutical industry from any and all liability for harmful flu-vaccine side-effects. All of this can mean only one thing—there is a dark agenda being foisted upon America. Keep in mind, that the 1918 “pandemic” was caused by an influenza virus that became genetically altered because of massive chemical warfare experimentation during WWI. **IT WAS NOT A NATURALLY-OCCURRING MUTATION!!** When the toxic chemical clouds dissipated, the virus that left 30 million dead also failed to continue to mutate. Given this fact, why have the Bush neocons recreated this terrible mutation and why inject it into millions??

## “Trial of the Century” DVD by Dr. Ott Selling Strong

Have you ever wondered how the modern allopathic “Medical Establishment” came into being? Have you ever wondered why so few physicians know very little if anything about the power nutrition and natural foods have on health and healing? Have you ever wondered who sets the curriculum of medical schools? Why are physicians today trained to be little more than pharmaceutical drug pushers and salesmen? More importantly, why is Cancer killing more Americans today per capita than 50 years

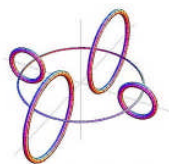

ago, despite nearly a trillion dollars spent on research? Find out who has been manipulating health care in America for nearly a century! In this hard-hitting research documentary, A. True Ott, PhD exposes the truth in this DVD copy of his seminar presentation.. If knowledge truly is power, then this

DVD is turbo-charged. While the majority of health-care practitioners in America are truly thoughtful and caring professionals, the fact remains that “the system” is in dire need of an overhaul. Many Americans cannot afford health insurance, and senior citizens are being imprisoned by daily drug expenditures. This DVD exposes many of the root causes. Order yours today!!

## Apricot Kernels now Available Through MEM Inc.

In researching the culture of the Hunzas in the Himalayas, Dr. Ott was amazed to learn that their measure of wealth is the number of apricot trees a Hunza family owned. He was amazed at this because since childhood, he falsely had been led by the American Media propaganda to believe that consuming apricot kernels was suicide by cyanide. The truth is, the most prized

of all possessions in the Hunza culture was/is the apricot kernel. Ground apricot kernels are consumed at virtually every meal. This is very likely why the Hunza's have no word in their vocabulary to describe Cancer. How can you have a word for something the cul-

ture has not experienced? Because we like to honor all ancient traditions of Mother Earth, we have secured a supply of apricot kernels, and are offering them to our clientele, without making any medicinal claims whatsoever. Call to get them while you can.

## When Life gives you Lemons, it's Time For Lemonade!!

By A. True Ott, PhD

**Truth wears no mask, she seeks neither place nor applause, bows to no human shrine; she only asks a hearing.-----Anon**

There is little doubt in my mind that America is entering extremely perilous times. With his public approval rating nearing Nixon's abysmal post-Watergate status, George W. Bush is a man desperate to keep his power-base intact. His grandfather, Prescott Bush, was duly convicted of Nazism and of financially supporting Hitler's fanatical "visions of a New World Order" - I.e. the "Third Reich". It would appear that the unmasked Truth that "begs for an honest hearing" is simply that George W. Bush and those surrounding him are eerily similar to Hitler and his goon squads. Hitler attacked, invaded, and occupied in-

dependent countries in a campaign featuring air superiority, ultra-modern, mechanized tanks and infantry, all designed to inflict a "shock and awe" (blitzkrieg) shell of superior "invincibility" on the conquered countries. Hitler attacked his own government and burned the Reichstag in order to galvanize public support for his expansionist war plan. Hitler utilized a secret, covert police force to spy upon his own citizenry, and lists were compiled on who he could trust, and who would be eliminated. Hitler had all the popular clergymen of Germany and Austria in his camp—because he paid them well and gave them unprecedented power and influence. Hitler maintained various concentration camps in Germany as well as "occupied territories" where his henchmen interred many hundreds of "political prisoners" without trial or formal charges. These concentration camps specialized in torture, and many committed suicide after enduring years of hopeless interment. In the end, it was the German people who paid the highest price for their blind indifference to the Nazi agenda. Many innocent millions paid for Hitler's devilish schemes with their lifeblood. Will America continue to follow the same path, or can we still stand tall?
